

Department Overview Department Name: Department of Architecture Faculty: Faculty of Engineering & Architecture Accreditation: The program is officially accredited by the Pakistan Council for Architects and Town Planners (PCATP). History & Scale: Established in 2009. The department has expanded to train a student body of more than 150 undergraduate students. Core Professional Focus: Melds science and arts to design built and unbuilt structures aimed at expanding the global "art of living." The curriculum works to resolve contemporary and upcoming worldwide structural and spatial design adjustments, preserving a distinct lens on the cultural context of Balochistan.

Vision and Mission Vision: To be among the best architecture schools, where students and teachers find their identity as professional architects of all times and situations, where they explore, discover and build culture artistically with creativity and difference. Mission: Committed to training students through in-depth study and research in social, cultural, political, and historic context; and to provide a comprehensive architectural design solution for the region in general and for Balochistan in particular with emphasis on its spatial needs.
